

## PRESS RELEASE

# ISEC7 Group receives Platinum Partner Status of BlackBerry Enterprise Partner Program for Solution Providers

**For more than 13 years, ISEC7 has been BlackBerry's strategically and globally operating integration partner.**

Hamburg, September 22, 2016 – As one of the first international partners, ISEC7 has been awarded the Platinum Partner Status of the BlackBerry Enterprise Partner Program. The mobility expert has proven to be a highly skilled partner committed to providing Advanced System Integration, Customer Success Management, Application Integration, Hosting, EFSS and Support Services Competencies. ISEC7 has been a strategic and global partner for BlackBerry for more than 13 years and delivers services, software solutions and support for the BlackBerry mobility platform to more than 850 business customers.

“We are very proud that ISEC7 has reached the Platinum Partner Status of the BlackBerry Enterprise Partner Program. This underlines that we have offered excellent consultation, professional service as well as support and software lifecycle management opportunities to our mobile economy customers within the previous years”, says Marco Gocht, CEO ISEC7 Group.

The BlackBerry Enterprise Partner Program for solution providers is split into three distinct tiers (Authorized, Gold, and Platinum) reflecting the evolution happening within today's mobile environment. Each tier provides different benefits based on a partner's level of commitment. The more committed partners are, the more access to specialization, competencies and tools are being made available by BlackBerry. This gives partners the decisive competitive advantage in the market.

### **About ISEC7 Group**

The ISEC7 Group ([www.isec7.com](http://www.isec7.com)) is a global provider of mobile business services and software solutions. The company was one of the first movers in mobilising company and business processes. Today, ISEC7 has numerous renowned companies and governmental organisations as committed customers.

The company continually invests in the evaluation and development of new technologies. ISEC7 solutions, such as ISEC7 EMM Suite, ISEC7 Mobile Exchange Delegate, ISEC7 Mobility *for SAP* and ISEC7 Mobility Cloud have proven to be ground-breaking in the mobility sector.
