

PRESS RELEASE

ISEC7 Group has acquired Australian enterprise mobility provider Si Partners

The acquisition is a significant step in the growth strategy of the ISEC7 Group AG.

Hamburg/Sydney, December 2, 2015 – The global managed mobility provider ISEC7 Group AG (ISEC7) and the Asia Pacific mobility provider Si Partners Pty Ltd today announced that they have signed an agreement to merge. Both companies offer similar portfolios to help customers improve service quality and reduce the cost of their multi-platform Android, BlackBerry, iOS and Windows Mobile infrastructure. The industry leading managed services such as the platform independent ISEC7 Mobility Cloud and the Mobile Infrastructure monitoring solution ISEC7 EMM Suite will now be available in the Asia Pacific market.

The acquisition is a significant step in the growth strategy of ISEC7. Globally ISEC7 now delivers solutions from its offices in Europe and North America with Si Partners becoming the hub for the Asia Pacific region.

Roger Dost, CFO of ISEC7, said, “We were looking for a company in Asia Pacific with talented people and the same high quality standards like ISEC7. Si Partners was our first choice and we are happy about the smart and seamless integration.”

“The merger will allow Si Partners to provide the ISEC7 global managed services and support product portfolio to our customer base and help service new customers with global 24x7 requirements.” explains Brian Harris, CEO of Si Partners.

About ISEC7 Group AG

The ISEC7 Group AG (www.isec7.com) is a global provider of mobile business services and software solutions. The company was one of the first movers in mobilising company and business processes. Today, ISEC7 has numerous renowned companies and governmental organisations as committed customers. The company continually invests in the evaluation and development of new technologies. ISEC7 solutions, such as ISEC7 EMM Suite, ISEC7 Mobile Exchange Delegate, ISEC7 Mobility for SAP and ISEC7 Mobility Cloud have proven to be ground-breaking in the mobility sector.

The ISEC7 EMM Suite, a comprehensive globally applicable MDM solution, has been presented as the “Most Innovative Enterprise Application”. ISEC7 Mobility for SAP allows access to SAP backend without the need for additional middleware. The ISEC7 solution ‘Mobile Exchange Delegate’ ensures mobile access to Microsoft Outlook calendar, email and contacts from third parties via BlackBerry or iPhone. ISEC7 Mobility Cloud is an innovative and ground-breaking Managed Service for the provision of customised Enterprise Mobility infrastructures based on EMM solutions like the ISEC7 EMM Suite, BlackBerry Enterprise Service 12, MobileIron, Samsung EMM, Microsoft EMS, Good or Airwatch.

ISEC7 was founded in Hamburg/Germany in 2003. The company operates globally with offices in Germany, UK, Spain, Switzerland, USA, Brazil and Australia.

About Si Partners

Si Partners (www.sipartners.com.au) is a trusted leader in Enterprise Mobility Management Transformation, helping organisations realise dramatic improvements in productivity and profitability through innovations in mobile business and technology. Industry and government leaders rely on Si Partners consultants, trainers and certified engineers to deliver solutions that yield exceptional results. Working with the largest organisations in Australia, New Zealand, Fiji, PNG and Singapore, Si Partners help solve their complex mobility management business problems, delivering cross-process and cross-business improvements through a comprehensive solution either hosted, cloud or on-premise.
