

PRESS RELEASE

ISEC7 Group at the Mobile World Congress Americas 2018

The Strategic Mobile Enterprise Advisor Talks Expansion Efforts with Ecosystem Partners in Los Angeles.

Baltimore, Maryland, USA, September 4, 2018 – At this year’s Mobile World Congress Americas, the enterprise mobility expert ISEC7 Group (ISEC7) continues to build solution to better control mobile security and put clients in a proactive stance against mobile risks. ISEC7’s Enterprise Mobility Management (EMM) Suite will be central to talks for mobile device management (MDM) platforms.

Michael Brandt, President and Chief Strategy Officer, ISEC7, explains: “The high quality of our EMM solutions reflects our long-time experience and specialization in the mobile enterprise space. We are committed to a comprehensive approach to enterprise mobility management. With the ISEC7 EMM Suite, we ensure the high availability and an uninterrupted operation of mobile infrastructures for clients. This is the foundation for success with today’s mobile workforce – mobilizing business processes with apps in the course of digital transformation.”

The Conference will take place on September 12-14 at the Los Angeles Convention Center (LACC) located at 1201 South Figueroa Street, LA, California, 90015.

For ISEC7, first mover in the area of enterprise mobility, mobile security is a key topic. The increasing number of mobile devices and end points, hybrid infrastructures as well as the growing processing of data and documents with smartphones and tablets have raised the security needs of companies.

Journalists are invited to discuss with ISEC7 Group experts. For an interview appointment or further information, please send an email to: ISEC7@cream-communication.com.

About ISEC7 Group

The ISEC7 Group (www.isec7.com) is a global provider of mobile business services and software solutions. The company was one of the first movers to mobilize company and business processes.
