ISEC7 Receives BlackBerry's Americas ISV Top Developer Responsiveness Award

The Enterprise Mobility Expert was Honored as one of BlackBerry's Top Integration Partners

Baltimore, MD: October 8, 2018 – ISEC7, the enterprise mobility expert, has been recognized as a significant contributor to the BlackBerry Enterprise Partner Program, winning the award for Top Developer Responsiveness Award in BlackBerry's inaugural Enterprise Partner Awards for the Americas in New York. ISEC7 was also nominated for 3 other awards, including categories for: ISV Innovation, Sales Support in Field, and Top Execution.

Michael Brandt, President and CSO of ISEC7 Group, says, "ISEC7's long-standing partnerships are invaluable, strengthening our ability to build and implement solid solutions for clients in this evolving industry. Together, we are shifting the industry toward better cross-platform management resulting in reduced IT costs and increased mobile security. My appreciation goes to ISEC7 and partner teams."

Partners from across North and Latin America gathered in New York City at the BlackBerry Security Summit 2018, and the awards were celebrated at a gala dinner to recognize innovation and leadership within BlackBerry's global partner and channel ecosystem.

"ISEC7's mobile security specialists have proven they are a cut above when it comes to helping our shared global customers address the challenges they face in today's complex and sophisticated business environments," said Richard McLeod, Global Vice President, Enterprise Software Channels, BlackBerry.

The BlackBerry Enterprise Partner Program is designed to help partners navigate the ever-changing mobile business environment through secure mobile business solutions for their people, processes and data. It helps partners gain new competencies and capabilities that will enable them to meet and exceed market demand, by ensuring partners are well equipped to successfully design, architect, implement and support BlackBerry solutions.
