ISEC7® Mobility for SAP CRM

ISEC7 Mobility for SAP enables mobile access to customer information in SAP® CRM via smartphone and tablet. Sales representatives are able to prepare for customer visits with upcoming activities and get real time customer information during the meeting. Right after the visit sales opportunities and follow up activities can be updated quickly.

Mobility for SAP CRM is a powerful but lean software solution, where customer specific enhancements are simply done with existing ABAP know-how.

Features

- Mobile access to SAP CRM:
 - › Search, create and edit
 - › accounts and contacts
 - › activities, leads and opportunities
 - › marketing attributes, surveys
 - › Radius search of account around your position or position of another account
 - › Scan of business cards and add as new contact
 - › Calendar integration: See activities, business and private appointments in a weekly view
 - › BI Reports
 - › Chart of opportunity pipeline

Try it!

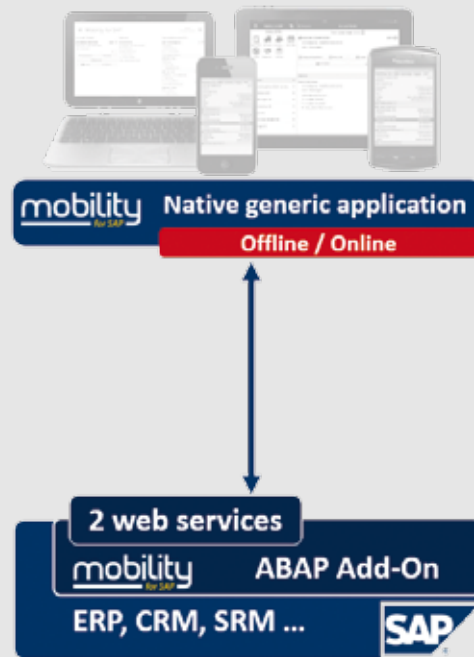

Make a Test Drive in your system!
Install ISEC7 Mobility for SAP on your system within one hour.
Learn in a one day workshop the matured concept and the development.

Highlights

- Caching of data for offline access
- Offline creation of contacts, visit reports, activities, ...
- Direct connection between smartphones and tablets and SAP-systems without middleware or gateway
- Matured enhancement concept for additional data fields or tables
- Pure ABAP customizing and development – no development on mobile device and no HTML5
- Secure connection via VPN, reverse proxy or all market leading secure container solutions, such as GOOD® Dynamics, MobileIron® AppConnect, BlackBerry® Secure Work Space and others
- Integrated business card scanner, GPS, Maps, Camera, Barcode, RFID and NFC
- Supports Single Sign-on and X.509 certificates
- Native Application with intuitive and user friendly interface

Benefit

- Value for business units
 - › A mobile solution tailored to individual needs
 - › Adaptable to backend enhancements
 - › Shortens processes and provides mobile access to SAP data
 - › Budget friendly – low TCO
- Value for IT
 - › Mobile solution without additional investment in hardware and skills
 - › Few own resources needed
 - › Installation in a few hours and trouble-free operation
- Value for developers
 - › Mobilizing processes with existing ABAP skills
 - › Development in daily used ABAP environment after a three day individual workshop
 - › No skills needed for mobile app development on different operation systems
 - › No skills needed for HTML5, CSS, JavaScript, JQuery...
